Am I required to get a referral from my school’s Health Services before I seek treatment?

No, a referral is not required with the Student Health Insurance Plan.

Does this plan cover me when I am off campus, traveling or studying abroad?

Yes, the Student Health Insurance Plan covers you during semester breaks, summer vacation and even if you’re traveling or studying abroad. You’ll be covered for the period for which you have paid premium.

In addition to being covered for medical treatment and services, you will also be covered for Emergency Medical Evacuation, Repatriation of Remains and Travel Assistance Services through UnitedHealthcare Global, the 24-hour worldwide assistance service. All services must be arranged for in advance and provided by UnitedHealthcare Global. Any services not arranged by UnitedHealthcare Global will not be considered for payment.

- When studying or traveling abroad, keep your Student Health Insurance ID card with you and take a copy of the brochure for reference.
- When outside of the United States, you will likely be asked to pay for your medical care first and will then need to seek reimbursement. Covered Expenses will be reimbursed on an Out-of-Network basis.
- When you submit claims for reimbursement, you will need to have the itemized bill(s) translated into English and include a letter informing the claims administrator that you are seeking reimbursement for charges previously paid.
- Please ensure that your name, ID number, address (to receive your reimbursement check), and your school’s name are on the bill.

**Will I be covered under the plan after I graduate?**

Yes, you will be covered under the Student Health Insurance Plan until the end of the policy period for which you have purchased coverage. There is no option to continue coverage after the policy terminates.

**Eligibility, Enrollment & Waiving**

**Who is eligible for the plan?**

Enrollment in a health insurance plan is required for all students at Boston Architectural College. To ensure compliance with this policy, students (as defined below), are automatically enrolled in, and billed for, the Student Health Insurance Plan unless proof of comparable insurance coverage is documented. Documentation is provided by completing a waiver form identifying the in-force comparable coverage and submitting it by the posted deadline. If a form is not submitted by the deadline, the student will remain enrolled in the Student Health Insurance Plan for the policy year.

- All resident and international degree seeking, full-time and part-time students, registered for ¾ of a full-time curriculum are eligible for this plan; meaning students who carry a course load equivalent to 6 or more academic credits.
- Students enrolled in online degree programs do not meet the eligibility requirements for the Student Health Insurance Plan.
- Eligible dependents of insured students enrolled in the Student Health Insurance Plan may participate in the plan on a voluntary basis.

**Can I enroll my eligible dependents?**

Yes, you can enroll your eligible dependent(s) at the same time as your own initial plan enrollment by following the steps described in the ‘How do I…?’ section of this document. Dependent coverage must be purchased for the same time period as the student’s period of coverage and cannot exceed coverage purchased by the student. For example, a student enrolled for annual coverage cannot purchase dependent coverage for the spring semester unless a qualifying event, as defined below, occurs.

Students can also add dependent(s) if the student experiences one of the following qualifying events: (a) marriage, (b) birth of a child, (c) divorce, or (d) if the dependent is entering the country for the first time. If the student experiences one of these qualifying events, the Dependent Enrollment Form, supporting documentation, and payment must be received by Gallagher Student Health & Special Risk within 31 days of the qualifying event. Forms received more than 31 days after the qualifying event will not be processed. Once a dependent is enrolled, coverage cannot be terminated unless the student loses eligibility.

**How does Health Care Reform affect the Student Health Insurance Plan?**

If you are under the age of 26, you MAY be eligible to enroll as a dependent under the employer health insurance plan held by your parent(s). However, before you do so, you should fully compare the employer plan against this Student Health Insurance Plan to determine which plan’s rates, benefits and coverage are most appropriate for you.

In addition to the items mentioned above, keep in mind that Student Health Insurance Plans are generally less expensive than individual plans with similar benefits. In fact, your total out-of-pocket cost (including premium and deductibles) may be significantly LESS with this Student Health Insurance Plan, especially if your parents’ employer plan is considered a ‘high deductible’ plan.

**What is considered ‘comparable coverage’?**

Determining comparable coverage requires comparison of cost-sharing levels (deductibles and coinsurance) and access to In-Network Providers. The level of benefits should meet or exceed the benefits provided through the Student Health Insurance Plan. Coverage is considered comparable if it provides students with access to a range of services in and around the area where they attend school. Services include, but are not limited to, preventive and primary care, emergency care, surgical care, inpatient and outpatient hospitalization, lab work, diagnostic x-rays, physical therapy and chiropractic care, prescription drugs, mental health and substance abuse treatment. Also, consider the amount of your current plan’s deductible and In- and Out-of-Network coinsurance to
avoid high out-of-pocket costs. Students should be able to seek these services from providers who are considered In-Network or Preferred. If your current plan is an HMO, it is very likely that coverage is limited, or not available, outside of the HMO’s service area.

Plans that only provide emergency services in the campus area are not considered comparable.

**Can I waive the Student Health Insurance Plan with any of the insurance plans offered through my State’s Marketplace?**

Students are eligible to enroll in an insurance plan offered through the Marketplace in their home State. If you are a Massachusetts resident, you can waive the Student Health Insurance Plan with a plan purchased through the Massachusetts Health Connector. Please review these plans carefully. Many of these plans will have a deductible greater than the deductibles on the Student Health Insurance Plan which will increase your out-of-pocket costs. Also, look at the In-Network and Out-of-Network Provider coverage levels to be sure that In-Network Providers are located near your campus.

If you are not a Massachusetts resident, there is good possibility that a plan purchased through your home State’s Marketplace will not provide adequate coverage. Review this carefully.

**Is there anything I need to know before waiving coverage?**

Before waiving coverage you should review your current policy, considering the following:

- Will your current plan cover medical care beyond emergency services (i.e. doctor’s office visits, diagnostic testing, x-rays, prescription drugs, mental health, etc.) on- and off-campus?
- Does your plan have doctors and hospitals near campus?
- Check the cost -- is the annual cost of this Student Health Insurance Plan less expensive than the cost of being added as a dependent to your parents’ plan? Be sure to compare deductibles and total out-of-pocket costs, not just the annual premium.
- Are there administrative pre-requirements, pre-certification, or Primary Care Physician referrals required under your current plan that may delay receipt of care?

Please Note:

- International students are enrolled on a hard waiver basis and may only enroll with comparable coverage from a U.S. based insurance carrier.
- Students who do not complete a decision form by the published deadline will be automatically enrolled in and billed for the Student Health Insurance Plan.

**Can I get a refund of my Student Health Insurance premium?**

A refund of premium is only permitted in the following situations:

1. When a student enters the armed forces.
2. When a student enrolls in annual coverage and has one of the following occur:
   a. Student disenrolls from school for the spring semester.
   b. Student enrolls in a subsidized Health Insurance Plan through the Massachusetts Health Connector and coverage is effective on or before the start of the spring health insurance coverage period (not academic spring semester).
   c. Student enrolls in MassHealth (excluding MassHealth Limited, the Health Safety Net or the Children’s Medical Security Plan) and coverage is effective on or before the start of the spring health insurance coverage period (not the academic spring semester).

For the second option above, the request for termination of coverage must be received by Gallagher Student Health & Special Risk no later than the last day of fall coverage.

Other than the above situations, if you are enrolled in the Student Health Insurance Plan and then become eligible to enroll in a different health plan, for any reason, a premium refund is not available.
