Financial Aid Information

Students receiving financial aid must have their financial aid fully approved before it can be used for Bursar clearance. Fully approved financial aid will appear as Anticipated Aid on your student account. If you have not already done so, you can still apply for financial aid by completing a FAFSA for the 2015-2016 academic year.

Students in the Master of Design Studies Program receiving federal financial aid must be enrolled in a minimum of 3 academic credits that apply towards their degree requirements in semesters where they are receiving federal aid. Failure to enroll in the minimum required credits will result in the cancellation of the federal aid. Failure to attend or complete courses in which you are enrolled may result in the reduction or cancellation of your federal aid. Graduate students are awarded Direct Federal Loans to cover their tuition and anticipated fees, including the Intensive Housing Fee. Students may be able to borrow additional funds for any direct costs or education related expenses.

Students who anticipate borrowing private student loans are advised to apply for such loans as early as possible. Private student loans must be fully approved and certified by the school before they can be used for registration clearance.

The Financial Aid Office is happy to support students who need assistance with their financing options, so please don’t hesitate to contact us with any questions.

Hotel Policy for Local Students:

Participation in group living arrangements during in-Boston Intensives has many advantages. It enables an educational day which may start at 8 am and continue until 10 pm or later. It connects students to their colleagues in the program. It keeps students focused on the educational components of the week rather than the management of their living arrangements. For these reasons, MDS students are required to participate in group living arrangements with other students during the first Intensive. Those with local alternative accommodation arrangements will be given the opportunity to petition not to pay the hotel portion of the Intensive Fee, with approval from the Program Director. Petition forms must be received by Monday, May 18th to Mayya Bozhilova at mayya.bozhilova@the-bac.edu.
