

Fall 2022 Course Registration Guide

When registering for Fall 2022 classes, please follow the below guidelines.

- **Courses with sections of A, B, C, D, etc.,** will be onsite at the BAC. Students will be expected to meet on campus on the days and times listed for that section.
- **Courses with sections 1D/2D, 1RMT/2RMT, 1MDS/2MDS, or 1Z/2Z, etc.,** will be fully remote, via an online platform. For all other courses, there are three meeting formats for how remote courses may be instructed, as noted below:
 - If a course has a meeting day of **ASYNCHRONOUS**, students will not be required to meet weekly in real-time with the instructor.
 - If a course has a specific day and time listed, students will be required to attend class, via an online platform, at those times.
 - If a course is listed as ONLINE 12:00am – 12:00pm, then the course will have synchronous meetings, but the class times are not pre-determined. Instructors and students will set meeting times the first week of classes.
- **Exceptions to the above**, relate to the 1D/2D, 1MDS/2MDS sections that are listed as requiring the onsite intensive. The intensive will be in-person August 13th – 20th at the BAC. Students will be expected to meet on campus for these dates. The 1RMT/2RMT sections also require the Intensive on the same dates, but it will be conducted via a fully online platform.

Where to find section designation in self-service?

When using the course search feature in self-service, you can find most of the information listed above listed for each course. Make sure the term is set to 2022/Fall before searching.

- **Courses with sections of A, B, C, D, etc.**, will have the section listed right under the course title, while meeting information will be listed at the bottom. Note that under the day/time there is no room listed – the room will be assigned as we get closer to the start of classes.

Other Self-Service Notes

- To view the course description and more information about a course, click the blue underlined course title.
- Courses that require the Intensive will be listed as 'Session: Intensive 8/20 Week' next to the Section letter.
- Adding courses to your cart does not finalize your registration. Classes must have a status of *Registered* to complete your registration.
