

# BOSTON ARCHITECTURAL COLLEGE

Dear Friend,

Thank you for your support of The Boston Architectural College (BAC) this past year. There has been much to celebrate over the past three years since my arrival at the College.

In Fall 2021, we welcomed our largest cohort of students in over a decade! In 2020, the BAC was ranked by GradReports as the #1 graduate and #4 undergraduate school in the country—ahead of institutions like Yale, Columbia, Berkeley, MIT, and Harvard. We are leading the way through innovative services with the BAC Cloud Canopy™ as well as our key partnerships within the design professions, K-12 systems, and across our local and global community—delivering practice-integrated education that is empowering our students to succeed.

**We are grateful for your gracious support, which helps make these achievements possible!**

The way ahead may be challenging but I have every confidence we will succeed. Guided by the **BAC to the Future** strategic plan launched in 2021, we are blazing new trails in design education, and in the higher education world at large. Our community members are resilient, resourceful, and creative. Our alumni network is vast, talented, and engaged in supporting our students, while they are making meaningful contributions to the design professions around the globe.

I am proud of what we have accomplished, and I know we will achieve our mission to diversify the design fields as we launch into the future!

**Your investment in our future makes a real difference to the BAC and its students. This Donor Impact Report illustrates the BAC's intrinsic value across the globe, and what we can achieve by working together.**

Thank you,

A handwritten signature in black ink, appearing to read 'MAHESH DAAS', with a stylized flourish above the name.

Mahesh Daas, President and ACSA Distinguished Professor
