Campus Fire Safety Report

All BAC campus buildings have a quarterly tested sprinkler system. The systems are maintained and tested in such a way as to comply with all local and state codes.

All BAC campus buildings are equipped with fire extinguishers that are maintained on a regular basis.

All BAC campus buildings are equipped with programmable fire alarm systems that meet or exceed all local and state codes. These systems are tested four times per year.

All BAC campus buildings hold frequent fire drills. The drills are observed by senior staff, and are conducted by floor monitors who are trained on a regular basis.

All BAC academic and meeting space have conspicuously placed egress floor plans showing the direction of egress in the event of an evacuation order.
