

Changes to a student's academic schedule may only be requested during the published Add/Drop periods. The dates for these periods are published annually on the BAC's academic calendar. Once a class has begun, requests for course additions will be permitted through the first week, while requests to drop a course will be accepted through the end of the second week.

Completed Add/Drop forms must be received by the Registrar's Office by the published deadlines in order to be reviewed. Students adding courses may be subject to additional tuition charges, and should reference the published tuition and fees information on the BAC's website. Degree students dropping below half-time enrollment status are required to consult with both the Financial Aid Office as well as the Bursar's Office.
