

BAC ANNOUNCEMENT

Dear BAC Community,

It is with great excitement that we prepare to kick off our Spring 2023 semester. The BAC provides regular updates to keep our entire community informed. Our campus mask mandates are as follows:

- Community members who have met BAC vaccination requirements: masks are optional but strongly encouraged.
- Community members who are unvaccinated, and have waived the BAC vaccination requirements: surgical grade masks are still required to be worn correctly.
- Visitors who show proof of vaccination: masks are optional but strongly encouraged.
- Visitors who do not show proof of vaccination: surgical-grade masks must be worn correctly.

In addition to these mask updates, the BAC will allow food to be consumed on campus for personal and social purposes.

The BAC will continue with its existing vaccination and booster requirements.

You may refer to the BAC's COVID-19 page for more resources such as COVID-19 policies, vaccination locations, and additional links to local and national public guidelines and health agencies.

Thank you for your cooperation as we continue to make updates to our COVID-19 protocols.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mahesh Daas', with a stylized flourish at the end.

Mahesh Daas, President and ACSA Distinguished Professor
